If a man commits arson by setting his eighbor's house on fire, and through the interposition of the fire department the full tom and let the water run out?" The lacouse reply was, "I have no time to try experiments, for I have always done it this way." So with these men, they would always levee and never

The vivid picture he drew as to the destruction of water craft by crevasses is all true ugh; but had there never been levees to raise the water so many feet above the untural bank there never could have been any cre-vasses; and, although his statistics are true as to the falling off in the flat-boat tonnage, his reasoning is all wrong; but, in order to give him the full benefit of his statements, I will agree with him. In 1874 the engineers tell us the crevusees caused by the levee system in Arkausus and Missouri were too numerous to mention; that the aggregate area was 130 miles, while there were forty-eight crevasses in Louisiana and Mississippi,
Hait the Red River shed been diverted from

the Mississippi, as I propose, and the Lake Borgne outlet been made, all these terrible crevasses (the Bonnet Carre included) would have been prevented, for the water in the river would have been so lowered that there could have been no discharge. Then should there be so much danger in the

single outlet at Lake Borgne as he imagines, certainly this one which is below New Orleans, the terminus of all flat-boat navigation, The New York Tribane indulges in a criti-ism of the pension bill recently passed by Congress, which is scarcely just to itself or would swarm with his favorite flat boats. The Of the six Congressmen who have died within a year, Leonand, alied of yellow fever in Cuba; Wellow, of Nebraska, died of parameters and interest parameters of intemperance; Williams, of Michigan, a, of intemperance; Williams, of Michiof apoplexy; Harringer of Georgia, of

Death in a Cigar. [New York Herald.]

There is a discussion as to whether whisky or no certifation in the House of Representatives kills the reatest number of men. The whisky is very bad, and it adds nothing to the effect of the ventilation, but we have you that chars have as much to do with he deaths as anything.

Senator Platt, of Connecticut.

Senator Platt, of Connecticut.

[General Hawley in the Hartford Courant.]
Platt is fifty-one years old, a native of Washington, Litchfield Couraly, an able lawyer, at present attoracy for the State in New Haven County. His first prominent appearance in public life was as Secretary of State in 1857–58, during Governor Holley's administration. In 1861–61 he was a Senator from the sixth district; in 1864 and 1869 he was in the Homas, the latter year being elected Speaker. He is a gentleman of most honorable character, sound judgment, well-balanced mind, familiarity with political affairs and much sassetly in conducting them. He is sound in principle, an anti-slavery man and Republican from his bayhood, a good hard money man, and sure to have convictions and follow them. This much his chief competitor takes pleasure in writing hastly at the late hour which amounces his nomination.

AMUSEMENTS.

National Theatre-"Diplomacy."

"Diplomacy" was presented at the National last vening with a strong cast of characters, and in a sanner that explained at once why the plamainer that explained at once why the play achieved such success in London, New York, and other cities. The combination, headed by Mr. Frest, B. Warde and Mr. Maurice Barrymore, consists of a score of incineted and well-trained actors, and the play as it is produced is a most shifsificary performance. The play is full of interest, and holds the attention of the audience from beginning to conduct the success of the success

"The Coronation of Columbus," To-night the tableaux and historical cour-pageant entitled "The Coronation of Columbus," for which elaborate preparations have been in progress for some weeks, will be presented at Ford's Opera-House. The singing and speaking parts are nesigned to some of the best analours of the city, and the costumes are described as very magnifi-cent. The cuterialisment is given in aid of the music fund of All Souts Church.

" Caste." To-morrow evening the comedy of "Caste" will be presented at Ford's Opera-House, with the characters ably sustained by some of our most distinguished and inhested amateurs. The proceeds will guished and adested annateurs. The proceeds will be devoted to the Labor Exchange, Those who stiend will witness a delightful performance, and, at the same time, aid a most worthy institution.

ELECTRIC BELLES.

A SELF-CURE, WITHOUT MEDICINE, For all Diseases Arising From a

Loss of Vital Force. Dyspepsia, Paralysis, Rheumatism, Epilepsy, Hysteria, Weak Laugs, Nervous Debility, Weakness, Kidney Complaints, Impotency,

and Physical Prostration. This improvement to electric appliances embraces the effective properties of older inventions without requiring vinegar or other inquid to excite action. The metals in this best are so nicely adjusted that the heat and medium of the body is sufficient to evolve the current of Electricity. They encircle the body with Electric and Magnetic influence, restore the Nervoux and Debillated, and impart New Life and Strength to the waning organism.

THE AMERICAN INSTITUTE OF NEW YORK has this year awarded A DIPLOMA FOR THIS INVENTION, after having been thoroughly examined and tested by the ecuinem. Physicians and Electricians appointed for the purpose by the Directors of the institution. Some of the most emission physicians of the city have certified to the merits of this Thoropoule agent.

a cases that resist every other form of treatment.

"EUBERT GUERNEY, M. D."

JOSEPH SAUNDERED says: "My disease, nervous leadiny, and all its horrors, untilted me for builders occur, or domestic life. Your best has proved a soy vegar balln and effected a perfect cure."
